Dear John

Re: Overhanging trees adjacent to 20 Foxwood, Swindon, SN5 7AW

Thank you for your very helpful letter received today in connection with the above and the information contained therein.

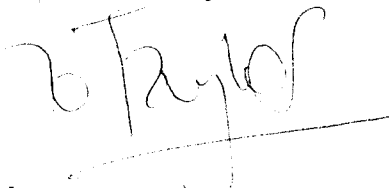

The tree we are referring to is indeed No 12 on your plan. For your information, our photographs were taken at the beginning of October 2012. We note that you have the trees regularly maintained and that the next inspection is due in 2014 – thank you for letting us know.

We will pick this up again in the New Year and will cut back the branches that overhang the boundary with our property. We will of course let you know when we are intending to carry out the works.

Please rest assured that we will use a competent insured person and that we will dispose of the arisings.

Many thanks for your continued co-operation.

Yours sincerely

Joanna Taylor
Commercial Property Co-ordinator
